Mussolini, Fascist Gang To Be Brought To Book, Punished

By J. F. SANDERSON

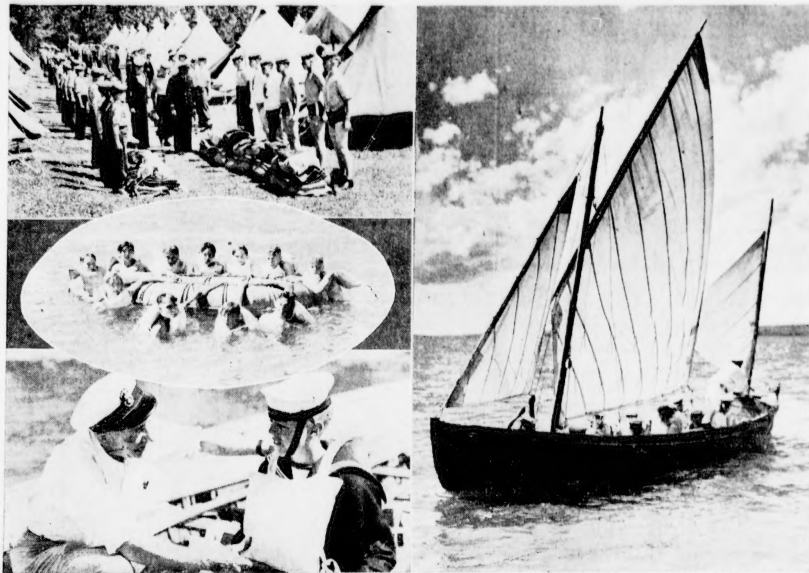

WASHINGTON, July 29.—(CP)—Benito Mussolini and the Fascist gang that surrounded him "will be brought to book, and punished for their crimes against humanity," President Roosevelt assured the American people last night in a broadcast.

"No criminal will be allowed to escape by the expedient of resignation," he declared, emphasizing that Mussolini's dismissal from power was the "first crack in the Axis" and that the United Nations "shall not settle for less than total victory."

In a rushed survey of the battlefield, the President said the war was going well for the United Nations on every front and announced the Allies are substantially agreed on the general objectives for the post-war world, but that the fighting at this time to hold off the Axis is of the utmost importance.

"We must not relax our pressure on the enemy by taking time out to define every boundary and settle every political controversy in every part of the world," he declared.

U.S. Troops Enter Nicosia

ALLIED HEADQUARTERS, NORTH AFRICA, July 28.—(AP)—Allied forces in Sicily now have taken 75,000 prisoners, approximately three-fourths of them captured by the Americans in their sweep over western Sicily.

WASHINGTON, July 29.—(CP)—Canadian troops in Sicily have taken Agira, Robert Patterson, acting United States war secretary, announced today. Agira is about 12 miles east of Leonforte, capture of which by the Canadian 1st Division was announced today by Allied headquarters in North Africa.

Nazis Throwing More Reserves In Orel Battle

LONDON, July 29.—(CP)—Red Army troops have advanced advances of up to six miles and captured 40 additional localities to tighten the pincer upon German defenders of Orel, a Moscow communique recorded by the Soviet Monitor said tonight.

By HENRY SHAPIRO

Exclusively to The Edmonton Bulletin from Moscow, July 29.—(CP)—The Red Army has advanced advances of up to six miles and captured 40 additional localities to tighten the pincer upon German defenders of Orel, a Moscow communique recorded by the Soviet Monitor said tonight.

Front dispatches said the Red Army was advancing in the pincers of their drive to turn Orel into a summer "Stalingrad" for 250,000 German troops who are pinned at the hinge of the southern and central fronts.

FIGHT FOR TIME

The delaying actions south of Orel appeared designed to gain time for the main German forces to withdraw to safe positions before the Russian pincers could reach the city. The German forces are now in a precarious position and are being pushed back by the Russians.

THE Book About Russia

For 20 years Russia fooled the "experts." But it did not fool Associated Press Correspondent Henry C. Cassidy.

After years in Russia, Cassidy has just written the best-seller—MOSCOW DATALINE. It is called the "book about Russia" yet published.

Accurate, fair, highly interesting, MOSCOW DATALINE is the first book to tell the full story of the Russian war to date, the only book to tell the dramatic inside stories of the historic Stalin conferences with Churchill and Wilkie, the only book to answer the big questions about the Soviets.

Watch for this important book in The Bulletin, beginning Monday, Aug. 2.

Royal Canadian Sea Cadets, 128 of them, are having times of their lives at annual summer camp on Lake Wabamun. For two weeks the lads, from Edmonton and Wainwright, enjoy a training period under tent and sail that sends them home bronzed, with added practical knowledge of seamanship. At top left, the officer of the day, Sea Cadet-Lt. C. Ellinger, E.D., inspects "decks." All equipment in the tents,

blankets, and gear must be neatly piled in long rows before the day's work can begin. At centre left, 11 cadets are seen, life-preservers in place, clinging to a Carley raft. Famed for its work in the Battle of the Atlantic, the Carley apparatus will support many persons in the water, and is practically unsinkable. Lower left, the Royal Navy carries on. C. P. O. Mann, a veteran of the Royal Navy, and now chief in-

structor at R.C.S.C. Warrior, shows Sea Cadet John Dawson, 13 years old, how to adjust a life preserver. Sea Cadet Dawson is carrying on naval tradition himself. His father, Lt. Commander J. A. Dawson, is officer commanding H.M.C.S. "Nonsuch." At the right, a 27-foot whaler is seen under full sail. Capable of producing high speed in wind or oar, these are the craft sea cadets learn to handle.

Wage Increase By Labor Board Declared Valid

The National War Labor Board Thursday turned down an appeal by a group of Edmonton hotel operators from a decision of the Alberta Regional War Labor Board which granted wage increases to a number of hotel employees.

The case involved 17 Edmonton hotels employing 300 persons. The hotel operators, represented at the hearing by Jack Connell of Toronto, general manager of the Hotel Tuxton, international vice president, argued that the increase—varying from 10 to 60 per cent—were too high.

The board found that there was no evidence presented to show that the finding of the regional board was in any way improper.

REPRESENTATIVES

The employees, members of the Hotel and Restaurant Employees International Alliance (A.F. of L.), was represented by A. R. Johnson.

Edmonton Air Ministry news service said today that a Canadian Beaufighter squadron of the coastal command has been sent to destroy the enemy's bases, Bloem and Voss Hs 138s, in a 15-minute fight. The loss of the success and the names of the Canadian fliers were not disclosed.

WENT TO BOARD

The wage dispute between members of the Edmonton Hotel and Restaurant Employees Union and hotel operators went to the regional board when negotiations failed to reach a compromise on working conditions.

The increased pay awards made by the regional board have been paid by the operators in most instances, it is understood, pending the decision of the national board.

Claims Many Eggs Wasted in West

WINNIPEG, July 29.—(CP)—L. A. Landwehr, general manager Canadian Poultry Sales Co., said here today that eggs are going to waste in Western Canada because the special products board of Ottawa refuses to grant permits to place them in cold storage plants. Mr. Landwehr declared that the situation was reported in Canada were Giovanni Ansaldo of Court Claims B. T. Temple of Ottawa, and the editors of the Ottawa Citizen.

Court Martial

U.S. Army Man Is Acquitted Criminal Court

By STANLEY WILLIAMS

With representatives of Dominion provincial and municipal legal departments in attendance, trial of a 25-year-old United States Army soldier, charged with a criminal offence against an Edmonton girl, was held here before a U.S. military court. The soldier was acquitted of the charge. The girl was 19 years old.

It was the first time in the history of Edmonton that a case, or difficulty in the trial of a criminal case, was dealt with entirely by a court of the military of another nation.

Names of the accused and defendant have not been released nor has evidence submitted to the court. Trial was held at the city airport.

Member of the court were Lt. Col. Edwin V. Furan, president Maj. Francis L. Bell, J. Maj. Arthur H. Clark, Maj. William L. La Grange, Capt. Marley P. Bell, and members, Lt. Charles R. Heider, Lt. John F. McNamee, Lt. Kenneth J. McNamee.

British Sea-Dogs' Spirits Re-Incarnated in Cadets

By STANLEY WILLIAMS

If the spirits of British sea-dogs such as Grenville, Frohisher, Drake and Nelson were to tramp the purple hills of Lake Wabamun today, they would get a sight calculated to get sea-faring hearts at ease, for at Wabamun mariners of tomorrow are learning the ways of men who go down to the sea in ships.

For the Royal Canadian Navy, the Canadian Merchant Marine, and the Royal Navy and the merchant marine of old England, practice lays are answering the call of salt-shedded waves of seven oceans, and learning seamanship with the Royal Canadian Sea Cadets on the waters at Wabamun.

A training trial of ship's routine, boat drill and sea-dog routine from supervision of the Royal Canadian Navy, is directing sea cadets from Wabamun to coxswains, messengers, sub-deckers, destroyers, messengers, and the heroes of the sea never dreamed of, but ships with one purpose only: to learn.

There are 128 sea cadets at the lake, 85 from R.C.N.C. Warrior, Edmonton, and 43 from R.C.N.V. Exeter at Wainwright.

Standing for Royal Canadian Sea Cadets' means to that organization the British Royal Naval Volunteer Reserve.

Negotiations May Already Have Started

By VIRGIL PINCKLEY

ALLIED HEADQUARTERS, North Africa, July 29.—Gen. Dwight D. Eisenhower, Allied commander-in-chief in the central Mediterranean, formally offered today to make an immediate and honorable peace with Italy and implied that negotiations already may be in progress.

Case of once all assistance to German armed forces in Italy, he said in a special message to the Italian people, and the Allies will find any of the German and deliver you from the horrors of war.

The only remaining obstacle to peace is the "German" regime which is applying to the Allies in a battle that the Allies were with the German regime. The Allies are applying to the German regime, and King Victor Emmanuel III, as commander-in-chief, with whom to arrange an armistice.

London sources said the war has been won by a knockout in the Italian campaign.
